

THE CLIMATE FRESK

THE IDEA

Created in 2018, the Climate Fresk is a game conceived to explain and help people understand and address the causes and consequences of climate change and how to tackle it, in a dynamic and interactive way. In addition, the Climate Fresk association helps to organize workshops and trainings adapted to each specific public, promoting climate consciousness and education.

Target

Companies, local authorities, associations, citizens

Objectives

Raise awareness

Tools

42 cards from the IPCC reports (online version available)

STAGES

- 1. Reasoning:** Participants discover the game's cards, reflect on how to link the cards with each other and thus highlight the causes and consequences of climate change.
- 2. Creativity:** After identifying the causes, mechanisms and consequences, participants trace the links and illustrate the Climate Fresk.
- 3. Discussion:** Participants discuss and reflect on collective solutions, in order to propel action.

WHY?

The project and game's mission is to raise awareness on the causes and consequences of climate change and its systemic nature among as many people as possible around the world.
