KEEPING OUR LINKS STRONG, BUILDING NEW ONES

BRUSSELS, 21-22 APRIL 2022

ENERGY CITIES HUB: COMMUNITY-LED ENERGY FOR MASSIVE RENEWABLE PRODUCTION

THE GEOSTRATEGICS OF ENERGY: WHAT NEW TRENDS IN EUROPE?

MAYORS' VOICE | 21ST OF APRIL 2022 | 15:00 - 16:30

What are the post-2020 trends and strategies cities and local communities are using to inaugurate a new era in the control and valorisation of energy systems?

How can energy security go hand in hand with citizen engagement and community power?

Our panellists will present how they are reclaiming their own renewable energy potential and confront ideas and strategies with their peers.
