### The Cities in Transition Biennial and the « Fête des Tuiles » : What is it?

**In 2022, Grenoble has been chosen to hold the title of Green Capital of Europe. It was a springboard year for a whole territory committed to outline new paths of the futur**

What if we got together to imagine our cities of tomorrow for this new edition of the **Cities in Transition Biennial** ? Come and get on board to think, share, experiment and design the city of tomorrow.

Workshops, conferences, meetings and other activities : this week will take you on a journey to explore initiatives around climate and social issues.

The « **Fête des Tuiles** » is a reflection of Grenoble's spirit : festive and pioneer.

On this day, the street will be our stage : simply being together and walking along *Cours Jean Jaurès* and *Cours de la Libération* to join *Parc Pompidou* later on. By pooling our ideas and bringing together our talents, let's give Grenoble the energy to imagine a better tomorrow !
